

## Conference questions

### **1. Our club is in receipt of a small grants scheme, when do we become eligible for grow the game funding? (Plainmoor FC)**

#### **Existing small grants**

If your organisation has an existing small grant (under the old scheme) you cannot submit an application to GtG until 12 months after the date of your final claim on the existing small grant. For example, if you have an existing small grant and your final claim is in August 2009 you cannot apply to GtG until August 2010.

**Please note, if you are awarded a GtG grant you cannot reapply to the scheme for another four years. If your application is unsuccessful you can reapply in the following round.**

### **2. We are looking to secure funding for a new indoor venture? Tedburn St Mary**

The football foundation does not currently fund indoor facilities.

### **3. We would like to purchase portable floodlights for training on grass?**

These are not currently eligible through the football foundation due to the intensity of use applied to grass and its inability to recover. In addition many clubs do not have appropriate place to store such equipment

### **4. Sports match: Our sponsor contributes on a monthly basis would this be eligible under the sports match scheme**

If your sponsor has paid, your application can be considered eligible for Sportsmatch funding. However, you **should not spend** any of your sponsor's money on the project until you have heard from us. If you do need to do this, please contact us to obtain 'Without Prejudice Permission' for your project.

The minimum award is £1,000 and the maximum is £100,000.. The minimum partnership funding of £1,000 (or £500) must come from one eligible source. A number of businesses / trusts / individuals cannot club together to make up the minimum sponsorship.

For further information on sports match email [funding@sportengland.org](mailto:funding@sportengland.org) or telephone the helpline 0845 8508 508

## **Respect and Welfare**

**Barriers – we purchased one at discounted price and its very good. Price has since gone up, is it likely it will be discounted again to encourage more people to buy them.**

**Unfortunately at this time we haven't had any news of further discounts. The original funding was found as an addition and once this had been used up, no further funding was available. We are not saying they never will be discounted again, but for the meantime we have no further information.**

**Please advise where we may get copies of the Code of Conducts**

**The code of conducts can be found at [www.thefa.com/respect](http://www.thefa.com/respect) or soon to be at [www.devonfa.com](http://www.devonfa.com)**
